

Young Investigator Award in Pediatric Hematology/Oncology

Presented by the American Society of Pediatric Hematology/Oncology

The ASPHO Young Investigator Award was established to formally recognize excellence in research in pediatric hematology and oncology. The qualifications for award candidates are as follows:

- ◆ Less than 4 years have elapsed since the completion of the standard 3-year pediatric hematology/oncology fellowship
◆ The candidate has conducted high-quality clinical or laboratory research on a project for which he or she participated actively in the design, conduct, and data analysis
◆ The candidate is committed to a career that includes clinical and/or laboratory investigation in pediatric hematology/oncology

To Apply for an Award

- ◆ Submit an abstract online with the young investigator designated as the first author by December 7, 2004
◆ Indicate your interest by checking the box in the abstract submission program (Question 5).
◆ Complete the Award Application Form.
◆ Include all required supplemental materials to make your Award Application complete:
- The candidate's curriculum vitae
- A one-page statement of career goals
- A supporting letter from the training program director or clinical/laboratory mentor attesting to the fact that the nominee has played a major if not the key role in the conduct of the research project and confirming the candidate's promise as a young investigator in pediatric hematology/oncology
◆ All materials must be received no later than December 9, 2004.
Winners are chosen by evaluation of abstracts submitted for presentation at the ASPHO Annual Meeting, together with review of each candidate's other research contributions. The award consists of \$1,000 and a certificate.

Fax/Mail to:

Signed abstract copy, award application and support materials should be faxed to:

Fax: 507-334-0126 (USA)

Or send to (must be received by December 9, 2004):

PAS Abstracts
Marathon Multimedia
1201 W. Division St
Faribault, MN 55021

Notes About Award

- ◆ Only abstracts accepted for presentation will be considered.
◆ If accepted, candidates must present their work at the 2005 ASPHO Annual Meeting in Washington, D.C.
