Personal Unloading/Reloading of Exhibits

All exhibit materials being personally delivered by vehicle to the Colorado Convention Center must be unloaded/reloaded at the loading dock. Exhibitors using loading docks must unload their vehicles promptly and then deliver their materials to the booth area using designated entrances. An exhibitor may move materials that can be hand-carried by one person in one trip without the use of dollies, hand trucks or other mechanical equipment. Unions claim jurisdiction under all other circumstances.

Tipping

Champion Exposition Services requests that exhibitors not tip Champion employees. They are paid excellent wages, and Champion feels that tipping is not necessary. This applies to all Champion employees and subcontractor employees.

Service Desk

An Exhibitor Service Desk (manned by Champion Exposition Services) will open April 28 at 8:00 a.m. and will be located in the Exhibit Hall. Exhibitors may come to the Service Desk to verify, check and adjust their requirements for installation, furniture, equipment and other auxiliary services. The Exhibitor Service Desk will be available daily through installation, show and dismantling.

Exhibitor Service Manual

Your Exhibitor Service Manual, containing order forms for the most often needed exhibitor services, will be available in February 2011.

Exhibit Supervision

Please refer to the information provided in the Exhibitor Service Manual for further information and pricing on exhibit supervision labor and rates.

Independent Contractors

Exhibitors who plan to use the service of anyone other than the official service contractor (independent contractors) must notify the PAS Exposition Office and Champion Exposition Services and provide an original Certificate of Insurance no less than 30 days prior to the show. Independent contractors must abide by all rules and regulations set forth by the PAS and the Colorado Convention Center. Independent contractors must:

- Perform all services in a professional manner in accordance with the exhibition “2011 PAS Rules and Regulations.”
- Not engage in solicitation of business on the exhibit floor for present or future conventions.
- Confine operation to the exhibit area of their client(s), or in areas specifically designated by the PAS. The exhibit floor, aisles, loading docks and service/storage areas will be under the control of the official service contractor. The exhibitor-appointed contractor must coordinate all activities with the official service contractor.
- Provide an original Certificate of Insurance to the PAS Exposition Manager 30 days prior to the show dates. The insurance certificate must prove the policy will be in effect during the installation and dismantling dates. Comprehensive general liability insurance against claims for bodily injury or death and property damage of not less than \$1 million for each occurrence and an active workers’ compensation insurance policy covering all permanent employees and temporary labor hired to perform work on this event are required. **The certificate must name the Pediatric Academic Societies and Champion Exposition Services as certificate holders and as an additional insured.**
- Order decorator labor in advance, either with the official service contractor, or

directly from the union. Exhibitors who hire labor other than through Champion Exposition Services for their booth installation and dismantling must notify Champion of their I&D state in writing not less than 30 days in advance of the event.

- Upon arrival, check in at the Exhibitor Service Desk (manned by Champion Exposition Services) to obtain work badges to enable personnel to work on the exhibit floor.

Specialty Contractors Registration

To enable insurance coverage to be verified and access to the Exhibit Hall authorized, exhibitors must notify the PAS if a contractor not included in the Exhibitor Service Manual will be servicing the exhibit. This includes exhibit designers and builders, audiovisual and computer suppliers, florists, security firms, photographers, etc. All rules and deadlines contained under “Independent Contractors” apply.

The PAS will work only with the exhibiting company, as the contract for exhibit space is between PAS and the exhibiting company. Communication with non-official or exhibitor-appointed contractors is the responsibility of the exhibiting company.

Standard Booth Construction

All linear booths are 100 square feet (10' x 10') unless otherwise noted. Booths have a back wall drape that is 8' high, with sidewall drapes that are 3' high. Total height of exhibits (including decorations) may not exceed 8'3" in height. All display fixtures more than 4' in height and placed within 10 linear feet of an adjoining exhibit must be confined to that area of the exhibitor's space that is at least 5' from the aisle line.

Island Booth Construction

An island booth exhibit is a display in four or more standard booth units with aisles on all four sides. Full use of the space is permitted, but the design of the booth must allow for see-through visibility and accessibility from all four aisles. An island booth exhibit may be made by selecting any full block of numbered booths. No drapery is provided for island booths. Island booths exceeding 20' in height will require prior special approval. Island booths may occupy 100% of the rental space, but **must** maintain see-through visibility and accessibility from all four aisles. A sketch of the island booth **must** be submitted to the Official Decorator and/or the Colorado Convention Center at their request. If sketches are not submitted and the construction is determined to be in

violation of the above restrictions, the PAS has the right to prohibit the assembling of the booth. PAS Show Management reserves the right to request the Service Contractor to begin setup on any booth larger than 10' x 20' that has not begun construction/setup by 9:00 a.m., April 30, at the exhibiting company's expense. The Service Contractor will be directed to begin setup on smaller booths (10' x 10' or 10' x 20') at 10:00 a.m., April 30. There will be no exceptions to this rule. Invoices for labor and materials will be billed directly to the exhibiting company.

Booth Construction - General

Exposed unfinished sides or exhibit backgrounds must be draped to present an attractive appearance. Close-off drapery will be provided at no charge to the exhibitor. Booth carpeting is **mandatory** and is the responsibility of the exhibiting company. Aisle carpet color will be blue. The exhibits will be inspected at 9:00 a.m., Saturday, April 30. At this time the decorator, with the approval of the PAS Exposition Manager, will provide drapery and booth carpeting as deemed necessary. Any charges incurred will be the responsibility of the exhibitor.

Booth cleaning is mandatory after move-in and is not included in the exhibit rental fee. The PAS has the right to order cleaning if booth appearance is unsightly. Cost will be charged to the exhibiting company. Electrical requirements, projection requirements and all furniture and accessories are the responsibility of the exhibiting company. Order forms for the above services and equipment will be included in the Exhibitor Service Manual, which will be available online to confirmed exhibitors in February 2011.

Booth Signage

A two-line 7" x 44" identification sign (in black and white) will be provided, giving the exhibitor's name and booth number.

Hanging Signs

Hanging signs are not permitted at the PAS Exposition without submission of drawings and/or photographs and the prior approval of PAS Show Management. Hanging signs and graphics are permitted to a maximum height of 20' feet from the floor to the TOP of the sign.
