

REFLECTIVE ASSESSMENT WORKSHEET

To assist with documenting your learning reflections from the PAS Meeting, we have provided the worksheet below. This worksheet identifies all the required items that you will need to complete and submit through the online form to obtain credit. Please prepare to copy your answers from this worksheet and paste them into the online form available as part of the Evaluation, Certificate, and MOC Process. You will need to complete the form at one time and submit it. Please do not email or mail this worksheet to the PAS or to Baylor College of Medicine, as it cannot be graded and will not be considered accepted.

Please also expect to provide your ABP ID Number as part of the MOC online form. To obtain your ABP ID Number, go to [Verification of Certification](#) on the American Board of Pediatrics website.
