

**Pediatric Academic Societies (PAS) 2023 Meeting  
Maintenance of Certification (MOC) Assessment  
ELIGIBLE SESSIONS**

<b>SESSION TYPE</b>	<b>SESSION TITLE</b>
<b>FRIDAY, APRIL 28, 2023</b>	
<b>Hot Topic Symposia</b>	Assembling a Multidisciplinary Team for Implementation of Pharmacogenetic Testing in Pediatrics
	Born Without Functioning Kidneys; Navigating the Complexities of Care for Infants Born with Severe CAKUT
	Cerebral injuries in intraventricular hemorrhage and emerging therapies
	From 500g to 50 kg: short and long-term cardiovascular impact of prematurity
	Gastroenterology/ Hepatology: All About the Pancreas - The Acute, The Chronic, The Insufficient
	Modeling the Effects of Racism on Equity in Child Health and Development
	The Impact of Workforce Shortages and Increased Operational Cost on The Research & Clinical Missions of Academic Institutions
<b>State of the Art Plenary</b>	Novel approaches to pediatric viral vaccine development in the mRNA era - What' s next in the pipeline?
<b>Workshop</b>	Artificial Intelligence: What Every Pediatric Researcher Needs to Know
	Big Data and the Smallest People: Leveraging Informatics and Machine Learning to Improve Your Clinical and Research Practice
	Building a Career in Medical Education: From Passion to Profession
	Critical Race Theory in the Exam Room: Applying Medical CRT to Physician-Patient Relationships, Patient Care, and Advocacy
	From Bystander to Upstander: Choosing Courage Over Comfort
	From Learning to Action: Incorporating Anti-Racism & Equity into Your Professional Practice
	Health Education and Social Media. The Tools for Future Educators
	Leadership Across the Career Continuum: Using Self-Reflection Effective Leadership Practices for Optimal Team Functioning
	Let's Do this Together! Enhancing your scholarship productivity through community
	Mitigating Procedural Pain and Anxiety
	Skills to Support Breastfeeding Through Simulation
	The Role of Community Health Workers in Enhancing Pediatric Care: Patient- and Family-Centered Approaches to Addressing SDOH
	This is Our Lane: Advocating, Counseling, and Providing Medication Abortions in the Post-Roe Era
	When We Don't See Eye to Eye: When Two Worlds Collide, and Patient Care is Compromised
<b>SESSION TYPE</b>	<b>SESSION TITLE</b>
<b>SATURDAY, APRIL 29, 2023</b>	
<b>Hot Topic Symposia</b>	"Pulmonary Vascular Disease of Prematurity: Navigating the Phenotypes"
	Addressing Gaps in Pediatric Behavioral Mental Health Training: Learning from Recent Data and Current Demonstration Projects
	Addressing the Symptoms of Pediatric Chronic Kidney Disease
	An institutional, cross-condition learning network approach to the pursuit of excellent and equitable child health outcomes
	Applying Equity and Anti-Racism in Academic Pediatrics: A Multipronged Approach
	Become fluid with fluids: An update on IVF and controversies
	Child Advocacy in Action: Success Stories to Build On
	Ditch the X-Ray? Top Pediatric POCUS Applications That Could Replace Plain Films
	Do Results of Randomized Controlled Trials Performed in High-Income Countries Translate to Low-And Middle-Income Countries?
	Genetic Liver Disease: A New Perspective
	Implementation of Rapid Genomic Sequencing for Critically Ill Infants: What's Next?
	Maternal exposure to environmental metals increases children's risk for the neurological disorders, birth defects, and cancer
	No Time to Lues: A Call to Arms Amidst a Congenital Syphilis Epidemic
	Outpatient Antibiotic Stewardship: Updates on Benchmarks, Allergies, and Equity Considerations
	Predictive Analytics for Precision Nutrition in Preterm Infants
	The Future of Pediatric. Primary Care Research
	The Impact of Firearm Policies and Research Priorities in the United States: Past, Present, and Future
	Top articles in medical education 2022: Applying the current literature to educational practice and scholarship
	Update on liver disease for the nephrologist: From primary diseases involving the liver & kidney to Extracorporeal Therapies
<b>Panel Discussion</b>	Challenges in the Study and Practice of Sedation Medicine: Solutions and Strategies
	Global child health: Closing the gap between global policies and realities of local settings to improve child health
	Painless Neonatal Research? Yes, we can!
	Physician and Trainee Well-being: A Complex Problem and Systematic Solutions
	Recruiting and Retaining Physicians with Disabilities
	Weight management in populations with cognitive and behavioral diagnoses: Reducing bias and providing high quality care

**Pediatric Academic Societies (PAS) 2023 Meeting  
Maintenance of Certification (MOC) Assessment  
ELIGIBLE SESSIONS**

<b>State of the Art Plenary</b>	Air Pollution and Climate Change: How Every Pediatrician Can Help
	Long Term Respiratory Consequences of Prematurity
	National Academy of Medicine Report on Addressing the Long-Term Impact of the COVID-19 Pandemic on Children and Families
<b>Workshop</b>	“Show us what you’re made of!” A workshop introduction to the interactive E-Portfolio for the clinician educator
	Accelerating Bench to Bedside Innovation: Introduction to Dissemination and Implementation Science
	Advocacy in Action: Translating your Scholarly Work into Policy
	Appraising and Getting Credit for Digital Scholarship
	Awareness of the Unconscious: 3 Ways to Mitigate Implicit Bias in our Clinical Decision-Making
	Becoming a Changemaker: How to Incorporate Advocacy into Your Already Packed Schedule
	Choosing Your Words Carefully: Strategies for both Individuals and Systems to Mitigate Implicit Bias in Narrative Assessments
	Coaching for Time Management: Helping Learners and Faculty Prioritize the Right Things
	Creating Inpatient Safe Spaces: Pediatric Hospital Care for Transgender and Gender Diverse Individuals
	Data Mastery For Dummies: How To Generate Reports and Automate Dashboards for Clinical Care, Research and Hospital Operations
	dEPART from the checkbox: purposeful assessment with an Entrustable Professional Activity to improve the care of LGBTQ+ youth
	Each One Teach One: Engaging Learners of All Levels with Multilevel Techniques
	Effective Sampling Strategies: Capturing the Wisdom of Diversity in Qualitative Research
	Family Presence Facilitator Curriculum for Pediatric Resuscitations
	Giving fellows the PUSH they need: Providing Useful Scholarship Help
	Hands-on Statistical Process Control: Making and Using Control Charts to Drive Quality Improvement
	Hands-on Training to Assess Cardiac Function and Patent Ductus Arteriosus Using Neonatal Echocardiography Simulator
	Improv for Equity
	Inviting Calm into the Chaos: Mindfulness in the Clinical Setting
	Laryngeal mask /supraglottic airway devices (LMA/SAD): Current and emerging uses in neonates
	Leveraging Human Factors Principles to Improve Clinical Care
	Making Your Anti-Racism Work Scholarly
	New Models of Screening and Diagnosis of Autism in Young Children from Diverse Cultural Backgrounds in Primary Care
	Parental Perspectives on Messages and Infographics for Building Vaccine Confidence
	Quality Improvement, Digital tools, and a Bit of Creativity: Necessary Ingredients for Improving Autism Screening Processes
	Reframing resident remediation: building an effective plan for your learners
	Rejecting the Imposter Syndrome: Developing Your Leadership Presence
	Revolutionizing Your Manuscript Reviews: Why I love reviewing!
	Small Heroes: Digital Storytelling to Build Trust and Advance Health Equity
	So What Do We Do Now?: Moving from an Anti-Racism Curriculum to an Anti-Racist Way of Being
	Stealth Curriculum: A Covert Mission in Faculty Development
	The Pink Stuff Fights the Germs: Going beyond family-centered care into child-centered communication
	Tips for Effective Feedback Using Advocacy and Inquiry in the Clinical Setting
	Translating research evidence into healthy policy recommendations using the GRADE methodology
	What to Do Next: A Toolkit for Late Career Transition Planning
<b>SESSION TYPE</b>	<b>SESSION TITLE</b>
<b>SUNDAY, APRIL 30, 2023</b>	
<b>Hot Topic Symposia</b>	2023 William Silverman, MD Lecture — Pediatricians Moving Into the Traffic: From the Clinic to the Community to the Capital
	Academic Careers in Advocacy: How to get promoted and make a real-world impact
	Ampicillin and Gentamicin for Suspected Early-Onset Sepsis: Improve On or Move On?
	CBME – Using Entrustable Professional Activities to Define our Specialty and Address Challenges to Improve Child Health
	Diagnostic Stewardship in Pediatrics- Novel strategies to optimize infectious disease testing in pediatric care
	Dr. Taeun Chang Memorial Symposium on Neonatal Neuromonitoring
	Enteral Nutrition for Very Preterm Infants
	Frontiers of Transplantation in Children
	Gastroenterology/ Hepatology: Allergic Diseases in Children and Adolescents - FPIES, EoE, and Diet - What does it all mean?
	Improving the Care and Science of BRUE: Learning from a National Research and Quality Improvement Collaboration.

**Pediatric Academic Societies (PAS) 2023 Meeting  
Maintenance of Certification (MOC) Assessment  
ELIGIBLE SESSIONS**

	In the current era of DCC, outline current approaches to cord management in preterm infants not breathing soon after delivery
	March of Dimes Agnes Higgins Award and Lecture
	Moving Beyond Weight, Length, and Head Circumference: Advances in Infant Nutritional Assessment
	Novel diagnostics and therapeutics in pediatric chronic kidney disease: What's New In The Toolbox
	Personalized medicine: how your patient's biology transcends "race"
	Preterm brain development: the importance of the "everyday"
	State of the Art: Primary HTN in Pediatrics and the new AHA statement
	Strategies to prevent CLABSI, CAUTI, and VAP in hospitalized children: 2023 update
	The Adolescent Opioid Overdose Epidemic - Addressing the Crisis from Clinic and Beyond
<b>Panel Discussion</b>	Family Centered Care in the NICU - What's Next?
	Global Child Health: Identifying and Addressing Misinformation about Child Health in Low- and Middle-Income Countries
	Medical Decision Making in Pediatric Gender-Affirming Care: A Case-Based Discussion for Providers Across Pediatrics
	The Interplay of Racism, Climate, and the Environment on Children and Adolescents
<b>State of the Art Plenary</b>	Congenital CMV Infection: Where Are We Now?
	Emerging and Re-Emerging Viral Threats to Children
	Examining Race and Ethnicity in Clinical Practice Guidelines to Advance Health Equity
	The Changing Medicaid Program: Current Opportunities and Challenges
	Toxins in the Foods that Children Eat and the Air that they Breathe
	Using Science to Dismantle Racism in Medicine
<b>Workshop</b>	"I Never See the Same Patient Twice"- Enhancing Continuity of Care to Improve the Patient and Clinician Experience
	Advanced treatment strategies for managing infants with respiratory failure
	Always Let the Evidence Be Your Guide: Tips for Teaching EBM on Rounds
	Amplify Your Voice: Media Strategies Beyond Conventional Academic Dissemination
	Building Complex Care Pediatricians Into Subspecialty Teams - Perspectives from Established, Growing, and Novel Programs
	Case-Based Journal Ethics: What Every Author, Reviewer, Editor, and Reader Need to Know
	Changing the approach: Best practices in supporting and advancing underrepresented in medicine (UIM) medical students
	Developing Physician-Scientists to Lead the Collaborative Teams of the Future
	Developing Team Resilience in Our Academic Communities
	Early Career Educator's Guide: Creating a Workshop for a Professional Meeting
	From Charmander to Charizard: How to Evolve your Residency Advocacy Curriculum
	Hands-on Training to assess Pulmonary Hypertension and Shunts Across PDA and PFO using Neonatal Echocardiography Simulator
	How Can Newborn Toxicology Testing be Equitable?
	How to Assess Your Program's Anti-racism Efforts
	Increasing Underrepresented Scholars in Pediatrics
	Introduction to Debriefing: Structure, Techniques, and Practice
	Just DO it!: Optimizing the direct observation (DO) experience for you and your learners.
	Knowing Me, Knowing You: The Art of Managing Up in Medicine
	Lessons from Hogwarts School of Faculty Development: What Can We Learn from Different Teaching Styles Than Our Own?
	"Making the Most of Peer Mentors in a Diverse Developmental Network: Promoting Equity in Scholarship and Academic Advancement"
	Mind the Gap: How Can We Bridge Evidence to Practice?
	Multilingual Research Methods: Including Families who Speak Languages Other than English (LOE) in Research
	Personalized communication with parents in Neonatology: from prenatal consultations to end-of-life scenarios
	Put Yourself Out There! A Strategy for Self-Promotion in Academic Medicine
	QI on-the-Fly: Teaching Quality Improvement in the Clinic and on the Ward
	Say 'No' to Mechanical Ventilation in Preterm Infants
	Seeing Is Believing: Art As a Teacher of Observational and Diagnostic Skills, Empathy, and Resident Wellness
	Sexual Orientation and Gender Identity 101: A primer for addressing misinformation and building better patient connections
	Supporting a Trauma-Informed Primary Care Environment: Creating and Sustaining Change
	Teach Like Socrates: The Right Way to use Questions when Teaching
	The Closest Observers of Care: Learning from the Diverse Voices of our Patients and Families

**Pediatric Academic Societies (PAS) 2023 Meeting  
Maintenance of Certification (MOC) Assessment  
ELIGIBLE SESSIONS**

	The Inaugural Choosing Wisely List for Pediatric Emergency Medicine: Strategies for Local Implementation
	The Power of Persuasion: A Mandatory Tool for Your Toolbox
	Top 10 Ways to Become a Highly Productive Academic Writer
	Trainee Knowledge Cafe: Table Talk to Help You Rock
	Urine the Know: Establishing yourself as a Researcher in Pediatric Nephrology
	Write to Change the World. Demystifying the OpEd
<b>SESSION TYPE</b>	<b>SESSION TITLE</b>
<b>MONDAY, MAY 1, 2023</b>	
<b>Debate/Pro-Con Discussion</b>	Hot Topic Debates: Antimicrobial Use in Neonates
<b>Hot Topic Symposia</b>	"Let's Talk" about Language Equity: Improving Care and Communication for Patients and Families Preferring Other Languages
	Associate Chair for DEI: Setting up for Success or Failure
	Clinical Advances in Lupus Nephritis - A New Age in Biologic Therapy
	Defining Long COVID in Children: RECOVER (Researching COVID to Enhance Recovery), an NIH-Funded National Initiative
	Milk & Microbes: Optimizing Early Nutrition & Response to Microbial Exposures to Reduce Inequities in Cardiometabolic Disease
	Monkeypox in Children and Adolescents
	Multidisciplinary Management of Renovascular Hypertension in Children
	Pediatric Policy Council Legislative Breakfast: Unpacking the Politicization of Child Health
	So much evidence, so little time: Navigating misinformation and becoming an academic sleuth in the social media age
	The Dobbs Decision: How Will It Impact Children and Pediatric Practice?
<b>Panel Discussion</b>	De-implementation - The Science of Reducing Low Value Care
	More than just a seat at the table: How parents and children can improve pediatric research
<b>State of the Art Plenary</b>	Policy Responses to Child Health Challenges in a Post-Pandemic World: A Pediatric Policy Council State of the Art Plenary
	The molecular, lifetime and global impact of oxygen for newborn infants
<b>Workshop</b>	"Every Day I'm Hustling: Work-Life Integration in the Post-Pandemic Healthcare Environment"
	ABCs of Qualitative Research
	All Hands on Deck: Using the BOATS Framework to Mitigate Bias in Written Evaluations
	Ambulatory Clinical Teaching: How to Train Your Community Preceptors to Do it Well in Their 15-minute Visits
	Becoming a Leader In Pediatric Nephrology from Start to Finish and Everything in Between
	Beyond Meditation and Mindfulness: Optimizing Career-Fit to Promote Professional Well-Being in Academic Pediatrics
	Breaking down silos in neonatal health equity: The Neonatal Justice Collaborative's (NJC) novel approach
	Construct the Ultimate Coaching Program: From Blueprints to Build
	Developing a Point of Care Ultrasound Program in your Neonatal ICU – What does it take?
	Finding your Authentic Voice as a Leader: Using Empowering Questions to Connect with Colleagues
	Hands on Workshop: Complex Resuscitations in Neonates and Infants - Managing High Acuity, Low Occurrence (HALO) Events
	Interprofessional Debrief on Racism, Equity, and Microaggressions (I-DREAM) Workshop
	Navigating Child Protective Services Referrals in the Context of Intimate Partner Violence
	Preparing for Value-Based Payment in both Academic and Community Practice
	Preventing Teen Fentanyl Overdose Through School-Based Education and Naloxone Training
	Putting ACEs through the PCEs: Adverse childhood experiences and positive childhood experiences in clinical practice
	Spring cleaning with SOAP to improve our discussions with learners in DEI teachable moments
	Systemic Racism and Physician Wellness: Merging the Crossroads of Clinician Well-being & Anti-racism Initiatives
	TeleSimulation: Remote Facilitation and Debriefing to Support Pediatric Education and Practice
	The Art of Negotiation: Applying Negotiation Frameworks to Get More of What You Want in Your Career
	The Roadmap Project: Improving the Emotional Health of Children and Adolescents with Chronic Conditions and Their Families
	When the Thumbs-Up Emoji is Not Enough: Etiquette for Effective Written Feedback
