[Program Allocations 2023 Order of Selection with Contact Info.pdf](#)

Good Afternoon,

We hope everyone had a great weekend. This year we have 141 Scholarly Session submissions for your review, vs. 109 last year. **Please see the attached submitted Scholarly Session Proposal Report (pdf) and Index (excel) for your review.**

Once again, submitters were encouraged to focus on submissions related to our Highlighted Themes with broad themes of interest across academic pediatrics. The sessions submitted include the following breakdown:

Themes	# Submitted
The Impact of Policies on Health and Research	47
Addressing & Overcoming Racism in Clinical Care and Research	30
Science is Real: Research, Misinformation, and Trust	20
TOTAL	97

It will be interesting to see how proposers have interpreted these themes. For your reference, themes are indicated in the pdf and index versions, where applicable. Please keep this in mind as you review and select sessions.

Scholarly Session selections will begin on Monday, October 24, and will be completed by Thursday, October 27. All designated selectors now have their two-hour window selection time on their calendars. For your reference, the “Order of Selection” is attached as well.

The Fall Program Committee Teleconference to finalize Scholarly Session selection is **Tuesday, November 1, from 2:00-3:30 PM Central.**

- The Program Committee will be online for the first hour (2:00-3:00pm CT) to offer recommendations for final Scholarly Session picks selected by the PCLT.
- The PCLT will remain online the final 30 minutes (3:00-3:30pm CT) to review gap areas and make their selections.

If you have any questions, please feel free to contact me directly.

Thank you for your efforts and participation in making PAS 2023 successful. Have a

great week!

Jaclyn
