

PAS 2023

PEDIATRIC ACADEMIC SOCIETIES MEETING

APRIL 27 - MAY 1, 2023
WASHINGTON, D.C.

POSTGRADUATE COURSE

NEONATAL NEUROLOGY: BETTER THAN EXPECTED: NEURODEVELOPMENT AND FOLLOW-UP OF NICU INFANTS FOR THE NEXT HALF CENTURY

This postgraduate course will discuss our recent advancements in improving neurodevelopmental outcomes in NICU graduates. Speakers will address how neonatal neuroimaging helps us to improve counseling, monitoring, and neurodevelopmental outcomes through the NICU follow-up clinic. Through real-world experiences, we will address the impact of social determinants of health and adversity on neurodevelopmental outcomes and discuss new models of care to enable NICU follow-up clinics to improve neurodevelopmental outcomes of NICU graduates for the next half-century. Both didactic and interactive methods will be used to optimize learning and discussion between session participants.

Chairs: Drs. Emily Tam and Nathalie Maitre

Speakers: Drs. Emily W. Tam, Nathalie Maitre, Mary Lauren Neel, Steven Miller, Mehmet Cizmeci, Elizabeth Rogers, Yvette Johnson, and Jonathan Litt

FRIDAY, APRIL 28, 2023 | 8:00 AM – 1:30 PM | \$175
